

Core/Src/sysmem.c

```
graph TD; A[Core/Src/sysmem.c] --> B[errno.h]; A --> C[stdint.h];
```

The diagram illustrates a dependency relationship. A central box at the top, labeled 'Core/Src/sysmem.c', has two blue arrows pointing downwards to two separate boxes below it. The left box is labeled 'errno.h' and the right box is labeled 'stdint.h'. This indicates that the file 'sysmem.c' depends on or includes both 'errno.h' and 'stdint.h'.

errno.h

stdint.h
